Title: Need to allocate adequate funds for completing the planned projects of building a bridge across Lohit and Khaboli rivers and strengthening the NLK link road in Assam. − Laid.

DR. ARUN KUMAR SHARMA (LAKHIMPUR) : I would like to draw the attention of the Government regarding two major schemes namely, construction of Bridge across Lohit and Khaboli river with strengthening of NLK link road and upgradation of Lakimpur college of veterinary science in Assam. These two bridges and the road would also facilitate inter-State connectivity between Nagaland and Arunachal Pardesh through Assam and students travelling to and from Dibrugarh University, Assam Medical College, Assam Agricultural University, Jorhat Engineering College, Arunachal University and NERIST. These two schemes of NEC's $9^{th}$ plan which remained incomplete due to reduced/inadequate fund allocation and delayed DPR presentation deserve urgent completion in the national interest by allocation of sufficient fund during $10^{th}$ Plan period.

I, therefore, urge upon the Government specially the Ministry of DONER as well as the Planning Commission to ensure expeditious completion of these projects with specific time frame.
